—Two American ladies—Miss Anna L. Ward of Bloomfield, N. J., and Miss Florence Hayden—who arrived at the Island a short time since, paid a brief visit to Harbor Grace at the end of last week. They reached here on Friday evening by the overland route, and on Saturday proceeded to Heart's Content, where they received every attention from Mr. Tripp and other of the obliging employees of the Anglo-American Staff. Monday was spent in viewing the different points of interest in and around Harbor Grace. Several sketches were taken—of the disabled brig *Resolvent*, of the inner and outer harbors, together with the one of the two icebergs which are now seen drifting past the bay in such numbers. On Tuesday the ladies returned to St. John's.—*Harbor Grace (Newfoundland) Standard*.

#### Watessing Republicans.

The Republicans of Watessing held an enthusiastic meeting last Friday night. Speeches were made by Howard McSherry, of New Brunswick, L. VanBlarcom, of Newton, and W. P. Snyder, of Allentown, Pa. The Hon. Herman Lehlbach also made a few stirring remarks, and the Glee Club sang a number of songs, one of which was composed expressly for them by M. Lucius McAdam, of Watessing. The Zouave Corps was presented with a new silk banner just prior to the meeting.

#### A Generous Answer.

Mr. W. T. Spencer, of Bloomfield Hose Co. enclosed an invitation to Mr. W. W. Wunder, of Reading, Pa., to attend the reception of the company's new carriage, of which he is the builder. Mr. Spencer received a very courteous reply from Mr. Wunder stating his inability to be present and saying that he was finishing a set of handsome new bells for the carriage and as soon as completed would send them on to the company. We trust Bloomfield Hose Co. will appreciate Pennsylvania liberality.

#### The Hose Parade.

Monday evening was an occasion that will long be remembered by the citizens of Bloomfield. The reception given by the Hose Company and Fire Department on receiving the new hose carriage surpassed all similar events in the history of the town. Including the political clubs, fire companies and bands, there were fourteen organizations in the procession. The line was formed on Berkeley Hill where the new carriage was in waiting, headed by the Blaine and Logan Cavalry. The procession moved down the avenue following the line of march as stated last week. The Pioneer Club followed the Cavalry, next came the Lehlbach Engineer Corps, the Democratic Legion, Watessing Band, Dickerson Battery and Bloomfield Battery. The firemen's division was preceded by carriages containing the Directors of the Fire Association, followed

by the Montclair Hook and Ladder Truck Company, the Montclair Chemical Engine Company, Eastern Hose Company, No. 2 of East Orange, Essex Hook and Ladder Truck Company, Bloomfield Hose Company with the new carriage and the Colored Blaine and Logan Club.

Richard Handy acted as Grand Marshal and did credit to the post. All along the line of march the companies were saluted with rockets, Roman candles and colored fires. The display of Chinese lanterns and bunting was especially fine. The salutes were fired by the Dickerson Battery which thoroughly satisfied the people that their gun was a good one. On reaching Dodd's Hall and Essex Hook and Ladder Truck House the companies were served with refreshments by a number of ladies who volunteered their services and looked after the appetites of the boys to the satisfaction of all. It is estimated that over five hundred were in line. The companies all showed that their drilling had met with the desired result. As they all did so well throughout the evening, it would hardly be fair to state which company excelled the others in ability. The new carriage is mounted on four wheels, with five handsome lamps on the top, a reel which will hold 800 feet of hose, and all other attachments of a first-class carriage. The gun bars and reel drum are heavily plated with silver. Although the carriage is equal in appearance to any owned by parallel companies.

#### Autumn Excursion.

There will be a grand Autumn excursion next Thursday, October 23, to Mauch Chunk, Glen Onoko, Switchback Railroad and Pennsylvania Coal Fields by Del., Lac. & West. and Lehigh Valley Railroads, and every one who has not visited the grand scenery in that vicinity should avail themselves of this opportunity. Train leaves Bloomfield at 7:19, Delaware, Lackawanna and Western Railroad. Fare for round trip, \$2.25. Among the many attractions of the Glen are Pulpit Rock, Rainbow, Laurel, Mossy and Stairway Cascades, Heart of the Glen, Warrior Path, Fat Man's Misery, Sunrise Point, Chameleon Terrace, Cave and Onoko Falls, Pilgrim's Progress, Rustic Stairway, the Lava Beds and Packer's Point. The excursion is under the management of Messrs. Frank J. Griffith and W. T. Rudio, who promise to look out for the welfare of the excursionists as well as was done on the excursion to the Delaware Water Gap in August last. A delightful time is anticipated. Excursion will start rain or shine.

#### Essex County Hunt.

A number of young ladies, who have been active in decorating and otherwise making attractive the rooms of the New Kennel Club House of the Hunt, have arranged to give a "Tea Party" next Wednesday afternoon in the Club Parlors, to the members and their friends, the occasion being the opening day of the Fall Hunting Season.

The affair will be held under the patronage of Mrs. Geo. B. McClellan, Mrs. Louis L. Thebaud, Mrs. John C. Wilmerding, Mrs. Frederick M. Wheeler, Mrs. Henry N. Munn, Mrs. Geo. F. Hecker and Mrs. Oliver Sumner Teal, and in whose names the cards of invitation have been issued. The "Tea" will be from 3 to 6 o'clock and the hounds will meet at 4:15 o'clock at the kennels.

The following list of Meets for October has been published by Mr. Thebaud, the new Master, viz:

Wednesday, October 1st, 4:15 p. m., at the Kennels.

#### Montgomery Gas.

There is a full attendance at the Montgomery grammar school than usual. A canvass of the village shows 3 votes for Butler, 7 for Cleveland, 59 for Blaine, 1 for St. John and none for the lady candidate.

The wedding bells rang on Thursday for Mr. James Derbyshire and Miss Mary Dacy. We Dacy this will be a happy match, Derbyshire it will.

The Summer pleasure seekers have all returned to town. Those that have visited Europe returned sooner on account of the cholera scare.

The Odd Fellows were disappointed with their excursion to Greenwood Lake. They should have went to Coney Island, if they wanted to see the elephant.

The night watchmen on the bridges and

at the railroad station will soon be cold in. Their services have not been very well appreciated. Summer time they will be put on again.

Wanted, five persons to accept a building lot on Montgomery street for nothing. For particulars apply to this correspondent, whose name and address will be furnished at the office of the CITIZEN.

For the first time this season one solitary man has been seen repairing the roads by throwing the gutter refuse in the street. Can't you gutter better way than this way to mow the highway? Away with such old fashioned ways.

As no tickets can be purchased at the Soho station, they will be supplied by the Conductors of the Trains at the Ferry. This is a very poor way of conducting railroad business, and is conducive to much inconvenience.

Residents of this ancient village never get tired of praising the efficient work of the Bloomfield fire ladders at the chemical mill blaze. We cannot exactly fix the date for the next fire, but we hope when it does occur, you will be on hand. As we have no telephonic connection, will notify you by sending a boy up on horseback.

GASPAR.

#### Sunday School Normal Glass.

On Friday evening, October 3d, the Normal Class studies will be resumed, with Rev. W. H. Brodhead as teacher. During October the Class will meet in the First Presbyterian Sunday-school rooms. All interested in the Sunday school lessons—teachers, scholars, or any others—are invited to attend.

#### No Sunday Trains.

Mr. Gardner T. Allwood, late excursion agent of the New York, Susquehanna and Western Railroad, some time ago concluded to get up an excursion to Greenwood Lake on his own account and fix the excursion for some Sunday, so that persons could take the morning train on Sunday and return the same day. He made his arrangements to have the excursion on Sunday next, without, however, first consulting the railroad companies. After he had his tickets printed he tried to make arrangements with the New York, Susquehanna and Western Railroad to carry the excursionists as far as Pompton Junction, but received a flat refusal, the railroad authorities informing him that they did not run excursion trains on Sunday. The law allows railroad companies to run one train each way on their roads on Sunday, but no more, and the New York, Susquehanna and Western Railroad Company apparently proposes to live up to this law. Mr. Allwood concluded to try the elasticity of the consciences of the New York, Lake Erie and Western Railroad Company's officials and made an application to them. The application was promptly granted and arrangements made to connect with their line.—*Potomac Press*, Sept. 18.
